

## Majorca

6th July – 9th July 2018

A weekend away with Michelle staying at spectacular hotel [Santuari de Cura](#), a monastery in the mountains in the centre of the island. I stumbled upon this place via [eBird](#) whilst doing some research as to where to see Balearic Warbler. I actually saw none here but saw an awful lot of Sardinian Warblers. Some of the eBird lists claim no Sardinian or an equal amount, so not at all sure what the situation is. Regardless, the birding around the hotel was excellent and I saw Balearic Warbler very easily at Cap de Formentor. My other targets (better views of Moustached Warbler and Balearic Spotted Flycatcher) were also found easily enough.

### Weather

Sunny throughout, as would be expected.

### Birds

**Mallard**

**Red-legged Partridge**

**Little Grebe**

**Western Cattle Egret**

**Grey Heron**

**Little Egret**

**Great Cormorant**

**Audouin's Gull - Sa Ripita**
